## Addit laptop holder - option 040

The Addit universal laptop holder offers a clean, ergonomic way to integrate your laptop or notebook into your workspace. Mounted on any VESA monitor arm, it lifts your device off the desk to free space and improve posture. Fits 12" to 18" laptops with adjustable clamps that keep ports accessible. A safety ledge and cable slots ensure secure, tidy and professional setup, ideal for any home or office environment, enhancing comfort and productivity.

- Mounts using the upper holes of both VESA MIS-D 75 x 75 mm and 100 x 100 mm patterns
- Supports laptops and notebooks from 12" to 18"
- Max. weight capacity: 7 kg
- Vertically adjustable clamps can be positioned to keep side ports accessible
- Spring-loaded retractable clamps ensure a secure and adaptable fit for multiple laptop sizes
- Safety ledge stopper prevents sliding
- Made of powder-coated steel and high-quality plastic
- Designed to be mounted on a monitor arm (not included)
- Elevates your device to improve posture and free up desk space
- Comes with notebook fastener
