## Addit beamer mount 582

Having freely adjustable mounting brackets, this beamer mount attaches nearly all beamers or projectors to a ceiling. It can be assembled as a height adjustable or fixed height variation, enabling it to be mounted almost anywhere. Multiple joints and pivots on both variations allow for precise adjustments.

- Professional ceiling mount for nearly all beamers and projectors
- Also suitable for a slightly sloping ceiling
- Suitable for 1 device up to 15 kg (33 lb)
- Tilt +90°/-90°, swivel 360°, rotate +90°/-90°
- Excellent price /performance ratio
- Height adjustable from 555 - 855 mm (21,9" - 33,7") in 6 steps of 50 mm (2,0")
- Comes with a short 185 mm fixed height variation (7,3")
- Made of steel
- Comes with all necessary fasteners
