Viewlite laptop holder - option 040

Suitable for almost every laptop. The elastic band holds your laptop securely in place so you can move it to your ideal position, including for example aligning it with your secondary display monitor. Due to its quick release mounting head you can switch easily between your laptop holder and other Viewlite options.

- Very fast installation
- Exclusively compatible with the Viewlite quick-release VESA system
- Supports a max. thickness of 30 mm (1,2") for an opened laptop
- Hidden cable management is easily accessible
- Fitted with protective non-slip foam
- Includes elastic safety band
